

# ENDEAVOUR INSTRUMENT PVT.LTD.

Mfg. & Export of Electronic Weighing Scale, Weigh Bridge & Material Handling Equipment.

## PLATFORM SCALE

### EDS/EPS/EPM

#### Features:

- Sturdy MS square pipe structure provides equal Load distribution.
- Small but sturdy structure for rugged use.
- Simple Weighing indicator.
- Stainless steel top, Back grill.
- Overload Protection.
- Optional -MS Top Available.  
-RS 232 Interface

#### Specifications:

<b>Capacity</b>	50kg, 100kg, 200kg, 300kg, 500kg
<b>Accuracy</b>	5g, 10g, 20g, 50g, 50g
<b>Platform Size</b>	400 x 400mm, 500 x 500mm, 600 x 600 mm

### EPL

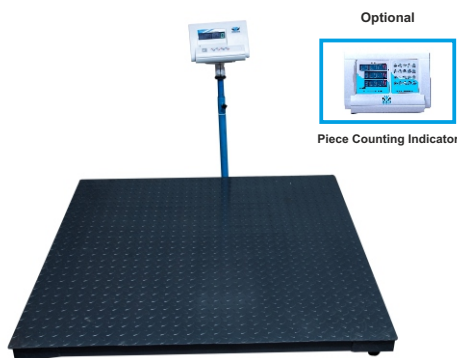

#### Features

- Sturdy MS square pipe structure provides equal Load distribution.
- Small but sturdy structure for rugged use.
- Simple Weighing indicators.
- Heavy duty structure.
- Stainless steel top, Back Rail.
- Overload Protection.
- Optional SS/MS Top Available.

#### Specifications

<b>Capacity</b>	200kg, 300kg, 500kg
<b>Accuracy</b>	20g, 50g, 50g
<b>Platform Size</b>	750 x 750mm

### EPSS/EP SX

#### Features

- Heavy Duty 'C' Channel structure provides equal load distribution.
- Standard Mild Steel checkered top cover and back grill for support.
- Rocker pin foot assembly provides stability and durability ( EPSX series)
- EPSX Series - four Load cell system - Single point beam Load Cell

#### Specifications

<b>Capacity</b>	500kg, 1000kg, 2000kg, 3000kg, 5000kg
<b>Accuracy</b>	50kg, 100kg, 200kg, 500kg, 500kg
<b>Platform Size</b>	900 x 900mm- EPSS 1000 x 1000mm- EPSX 1200 x 1200mm- EPSX 1500 x 1500mm - EPSS (Customized size also available)
